Academic Appointments

University of Toronto

Assistant Professor, 2022 –

Rotman School of Management, UTSC Department of Management, and Department of Economics

University of California, Berkeley

Gilbert Center Postdoctoral Fellow, 2019 – 2021

Haas School of Business and Department of Economics

Education

Ph.D. Business Economics, Harvard University, 2019.

Essays in Industrial Organization and the Digital Economy

Committee: Ariel Pakes (chair), Nathan Hendren, Robin Lee, Dennis Yao, Leemore Dafny

A.M. Economics, Harvard University, 2016.

B.A. Economics and Mathematics, *Departmental Citation and Valedictorian*, University of California, Berkeley, 2011.

Research

RESEARCH SUMMARY

I specialize in empirical industrial organization and information economics. My research examines how the commercialization of data and AI technologies shapes information asymmetry (between firms and consumers, and across firms) and the implications for competition, contracting, and consumer welfare. I focus on applications in the insurance and digital platform sectors. My methods combine economic theory with causal inference, leveraging administrative datasets, structural econometrics, field experiments, and modern computing.

PUBLISHED OR ACCEPTED

Buying Data from Consumers: The Impact of Monitoring in U.S. Auto Insurance
(lead author | w/ Shosh Vasserman | NBERSI IO/Digitization, QME, FTC Micro, Journal of Political Economy - Published Online, 2026)

Competing under Information Heterogeneity: Evidence from Auto Insurance
(w/ Marco Cosconati, Yi Xin, and Fan Wu | extended abstract published in EC '25, SITE, NBERSI IO, Review of Economic Studies - Published Online, 2026)
